We only collect image data and restrict recording to sites where we have assessed that there is an increased likelihood of committing illegal acts e.g. theft, such as at our cash registers and entrance, without focusing on places where the privacy of the persons whose image is taken may be excessively restricted, including their right to respect for personal data.

We keep the data for eleven (11) days, after which it is automatically deleted. In the event that we find an incident during this time, we isolate part of the video and keep it for up to one (1) month longer, so as to the incident and initiate legal proceedings to defend our legitimate interests. If the incident concerns a third party we will keep the video for up to three (3) more months.

Alternatively, we give you the opportunity to come to our facilities to show you the images you appear in.
